Mitzie--The Mouse Disk No: DC-1013 Instructions & Color Chart

Instructions:

Please be aware that the designs may not appear in their correct colors when you open/import them into your software package. The color chart below shows the correct color order and color name. It is advised that you stitch out the designs in the same color order as listed on the color chart.

Note: The designs in this package were digitized for their original sizes and may not stitch out correctly if they are altered in any manner. It is highly recommended that you stitch a sample of each design before stitching on your finished product. My samples were stitched on muslin, using 40 wt. Sulky thread and one layer of medium wt. cut-away stabilizer (which I hooped with the muslin).

I like to use black lingerie/bobbin thread (or 60 wt.) to stitch the outlines. The outline does not appear quite as heavy with a lighter weight thread.

Packages are non-refundable
